

# SPONTALEZA (SPONT)

TGE White Paper Version 1.0

Document issued:  
7<sup>th</sup> September 2023

## Legal Disclaimer

*THIS DOCUMENT DOES NOT GIVE PERSONAL, LEGAL, OR FINANCIAL ADVICE. YOU ARE STRONGLY ENCOURAGED TO SEEK YOUR OWN PROFESSIONAL LEGAL AND FINANCIAL ADVICE.*

- 1. The Spontaleza (SPONT) White Paper (hereinafter "WP") is presented for informational purposes only.*
- 2. Nothing in the Document shall be construed as an offer to sell or buy securities in any jurisdiction, a solicitation for investment, or investment advice. The Document does not regulate any sale and purchase of the Spontaleza Token (SPONT as referred to in the WP). The sale and purchase of the Spontaleza Token (SPONT) are governed by its Terms and Conditions that will be available at the website [token.spontaleza.com](https://token.spontaleza.com).*
- 3. Several estimates, phrases, and conclusions incorporated in the WP constitute forward-looking statements. Such statements or information concern matters that involve uncertainties and risks, which may result in material differences from the results anticipated.*
- 4. The WP may be updated or altered, with the latest version of the Document prevailing over previous versions, and there is no obligation to give you any notice of the fact or content of any changes. The latest version of the WP in English is available at the website [token.spontaleza.com](https://token.spontaleza.com). Although every effort has been made to ensure that all data submitted in the WP are accurate and up to date at the point in time that the relevant version has been disseminated, the proposed Document is not an alternative to consulting an independent third-party opinion.*
- 5. The WP and the related documents may be translated into languages other than English. Should a conflict or an inconsistency arise between the English-language version and a foreign-language version, the English-language version of the Document shall govern and prevail.*
- 6. The WP does not constitute an agreement that binds Spontaleza network (hereafter also "Spontal"). Spontaleza, its directors, officers, employees, and associates do not warrant or*

*assume any legal liability arising out of or related to the accuracy, reliability, or completeness of any material contained in the WP. To the fullest extent permitted by any applicable law in any jurisdiction, Spontaleza shall not be liable for any indirect, special, incidental, consequential, or other losses arising out of, or in connection with, the WP, including, but not limited to, loss of revenue, loss of income or profits, and loss of data. Persons who intend to purchase Spontaleza Token (SPONT) should seek the advice of independent experts before committing to any action set out in the WP.*

- 7. You do not have the legal right to participate in the Spontaleza Token (SPONT) digital asset public sale if you are a citizen, a resident of (tax or otherwise), or a green card holder of the United States of America (including Puerto Rico, the US Virgin Islands, and any other protectorate of the United States) or other representatives of the United States, China, South Korea, Singapore or any jurisdiction where the issue of Spontaleza Token (SPONT) would be illegal or subject to any requirement for registration, licensing, or lock-up. "A representative of the United States" means a naturalized person resident in any of those jurisdictions, or any institution organized or registered in accordance with the laws of any of those jurisdictions. According to the laws of the United States, citizens of the United States living abroad can also be considered "US representatives" under certain conditions.*
- 8. You agree that you purchase, receive, and hold the Spontaleza Token (SPONT) at your own risk and that the Spontaleza Token (SPONT) are provided on an 'as is' basis without warranties of any kind, either express or implied. It is your responsibility to determine if you are legally allowed to purchase the Spontaleza Token (SPONT) in your jurisdiction and whether you can then resell the Spontaleza Token*

*(SPONT) to another purchaser in any given jurisdiction. You bear the sole responsibility for determining or assessing the tax implications of your participation in the crowd sale, purchasing, or receiving and holding the Spontaleza Token (SPONT) in all respects and in any relevant jurisdiction.*

*9. No regulatory authority has examined or approved of any of the information provided in this WP. No such action has been or will be taken under the laws, regulatory requirements, or rules of any jurisdiction.*

*10. The regulatory status of tokens and distributed ledger technology is unclear or unsettled in many jurisdictions. It is difficult to predict how or whether regulatory agencies may apply existing regulation with respect to such technology and its applications, including the Spontaleza Apps Platform and Spontaleza Token (SPONT). It is likewise difficult to predict how or whether legislatures or regulatory agencies may implement changes to laws and regulations affecting distributed ledger technology and its applications, including the Spontaleza Apps Platform and Spontaleza Token (SPONT). Regulatory actions could negatively affect the Spontaleza Apps Platform and Spontaleza Token (SPONT) in various ways, including, for purposes of illustration only, through a determination that the purchase, sale, and delivery of Spontaleza Token (SPONT) constitutes unlawful activity or that Spontaleza Token (SPONT) are a regulated instrument that requires registration or the licensing of some or all the parties involved in the purchase,*

*sale, and delivery thereof. The Spontaleza Apps Platform may cease operations in a jurisdiction if regulatory actions, or changes to laws or regulations, make it illegal to operate in such jurisdiction or commercially undesirable to obtain the necessary regulatory approval(s) to operate in such jurisdiction.*

*11. Given that Spontaleza Token (SPONT) are based on the Ethereum protocol, any malfunction, breakdown, or abandonment of the Ethereum protocol may have a material adverse effect on Spontaleza Token (SPONT). Moreover, advances in cryptography or technical advances, such as the development of quantum computing, could present risks to Spontaleza Token (SPONT) and the Spontaleza Apps Platform, including the utility of Spontaleza Token (SPONT), by rendering ineffective the cryptographic consensus mechanism that underpins the Ethereum protocol.*

*12. As with other decentralized cryptographic tokens based on the Ethereum protocol, Spontaleza Token (SPONT) are susceptible to attacks by miners while validating Spontaleza Token (SPONT) transactions on the Ethereum blockchain, including, but not limited to, double-spend attacks, majority mining power attacks, and selfish-mining attacks. Any successful attacks present a risk to the Spontaleza Apps Platform and Spontaleza Token (SPONT), including, but not limited to, accurate execution and recording of transactions involving Spontaleza Token (SPONT).*

*13. Spontaleza Apps platform respects GDPR EU law framework and data protection of its users.*

# 1. Abstract

Definitions	
<p><b>Spontaleza Platform</b></p> <p><a href="https://spontaleza.com">https://spontaleza.com</a></p>	<p>The platform constitutes the project goal of the present Token Generation Event.</p> <p>Token sale website is online at:</p> <ul style="list-style-type: none"> <li>• <a href="https://token.spontaleza.com">https://token.spontaleza.com</a></li> </ul> <p>An MVP will be soon online on <a href="http://www.spontaleza.com">www.spontaleza.com</a>.</p> <p>Spontaleza is the first project based on Blockchain and NFT technology that revolutionizes the value of Young Sports Talent and creates sustainability for their growth and the support of their families.</p>
<p><b>Spontaleza Tokens (SPONT)</b></p>	<p>(Also "Spontaleza Tokens", or "SPONT", or "SPONT Tokens"), the utility tokens of the Spontaleza Platform are used in all transactions related to distributed credits on the Platform itself.</p> <p>SPONT follows the <b>ERC20 token standard</b> on the <b>Ethereum blockchain</b>.</p>
<p><b>"Base02 OU"</b></p>	<p>(Also "Base02"), the company which is developing the platform of <a href="http://spontaleza.com">spontaleza.com</a>.</p>
<p><b>"Venice Swap UAB"</b></p>	<p>Fintech partner for the Spontaleza project here described.</p>
<p><b>"Venice Swap LLC"</b></p>	<p>(Also "Venice Swap"), the company which manages the "Spontaleza Token (SPONT)" sale phases here described.</p>

## Why Spontal?

Project Goals	
<b>What</b>	<p>Spontaleza (SPONT) is the first project based on Blockchain and NFT technology that revolutionizes the value of Young Sports Talent and creates sustainability for their growth and the support of their families.</p> <p>The digital platform is being developed by Base02 OU. Its credit system is already tokenized on a private ledger and it is a shared resource among all the products published in its platform. The final goal is to adopt the Spontaleza token as its “internal fuel”, creating a public ledger blockchain-based Spontaleza platform.</p>
<b>Why</b>	<p>Sport is the world that unites users of all ages, realizing dreams and goals, but also requiring great sacrifices and dedication, especially in the youth phase, when family support is crucial. Spontaleza offers young athletes the opportunity to generate NFT collections that represent them completely free of charge. Anticipating the value dynamics of the professional world, the sale of NFTs immediately redistributes part of this value to the family, supporting them during the economic efforts undertaken to grow young talents</p>
<b>Who and Where</b>	<p><b>Base02 OU</b>, a high-tech company based in Estonia is developing Spontaleza applications. <b>Venice Swap LLC</b>, a crypto company based in SVG is organizing SPONT token sale.</p>
<b>How</b>	<p>This document illustrates how Spontaleza will realize this project, its total cost, the value associated with its utility tokens, the precise modality of their selling with a public smart contract and the advantages of buying Spontaleza Tokens and of usage of Spontaleza platform and its different uses.</p>
<b>When</b>	<ul style="list-style-type: none"> <li>□ First Release of Spontaleza Apps: estimated on 31<sup>st</sup> March 2024.</li> <li>□ Private Sale, Pre and Public Sale: starts on 1st August 2023 @ 13:00 CET, as detailed in paragraph § 5.5</li> </ul> <p>A roadmap of each project phase is detailed in chapter 3.</p>

## Advantages of using SPONT

Plus	
<b>SPONTALEZA TOKEN (SPONT)</b>	<p>SPONT will be the only way to use the Spontaleza Platform.</p> <p>Its value will be a direct expression of the value of the entire platform.</p>
<b>Spontaleza Platform</b>	<p>Spontaleza Platform is the first project based on Blockchain and NFT technology that revolutionizes the value of Young Sports Talent and creates sustainability for their growth and the support of their families. Furthermore, the interactions among single applications will create in "Spontaleza Apps" a powerful common experience for end-users.</p> <p><b>Target Groups:</b> sports talents and their families, attorneys and operators in the football and sports world, football and sports enthusiasts, enthusiasts of the crypto and NFT world.</p>
<b>Third Parties Applications</b>	<p>"Spontaleza Apps" will let any developer or company interact with the platform. They'll benefit from the same and secure RESTful API connection of "Spontaleza Apps".</p> <p><b>Target Groups:</b> developers, tech companies, startups.</p>

## 2. What is Spontaleza

**Spontaleza** refers to an ecosystem comprising Spontaleza websites (whose domain names include but are not limited to spontaleza.com, mobile applications, clients, applets and other applications that are developed to offer Spontaleza Services, and includes independently-operated platforms, websites and clients within the ecosystem.

Spontaleza Operators: refer to all parties that run Spontaleza, including but not limited to legal persons (including Baseo2 OU and Venice Swap LLC), unincorporated organizations and teams that provide Spontaleza Services and are responsible for such services

Spontaleza Services refer to various services provided to you by Spontaleza that are based on Internet and/or blockchain technologies and offered via Spontaleza websites, mobile applications, clients and other forms (including new ones enabled by future technological development).

Venice Swap UAB is a Lithuanian company already licensed as a cryptocurrency exchange operator and a cryptocurrency depository wallet operator. Venice Swap LLC is a crypto company based in SVG.

Spontaleza Platform is the first project based on Blockchain and NFT technology that revolutionizes the value of Young Sports Talent and creates sustainability for their growth and the support of their families.

**Target Groups:** sports talents and their families, attorneys and operators in the football and sports world, football and sports enthusiasts, enthusiasts of the crypto and NFT world.

SPONTALEZA is the first managerial gaming platform set in the sports field that uses the images and characteristics of real athletes, in the amateur phase of their career, generating Digital Stickers in the form of NFTs.

Within Spontaleza anyone will have the opportunity to collect the stickers - NFTs of young talents who will be the champions of the near future, betting on possible professional paths that will involve the athlete.

Collectors will be able to select athletes and purchase their NFTs pending their ascent. Players will be able to use NFTs to participate in virtual tournaments and earn money by playing.

Investors will be able to participate in the project and benefit from the increase in value of the platform.

## **ETHICAL PROJECT**

Sport is the world that unites users of all ages, realizing dreams and goals, but also requiring great sacrifices and dedication, especially in the youth phase, when family support is crucial.

Spontaleza offers young athletes the opportunity to generate NFT collections that represent them completely free of charge.

Anticipating the value dynamics of the professional world, the sale of NFTs immediately redistributes part of this value to the family, supporting them during the economic efforts undertaken to grow young talents.

## **VISION**

Conceive a new way to enhance young athletes and talents helping and financially supporting families in the phase of rise of their boys.

We believe that anyone can benefit from market value of future champions and large capitals moved in the world of sport, without this being the exclusive prerogative of a few subjects.

## **MISSION**

We want to offer everyone the opportunity to promote the growth of sport by taking advantage of the potential of future champions, with a view to worthy redistribution of part of the enormous capital moved by sports clubs thanks to new modern technologies. Offer greater chances of visibility to talents who, due to different dynamics, would not be noticed.

## **CONCEPT**

SPONTALEZA connects different functional sections, to satisfy a large number of users.

### **Marketplaces**

It allows anyone to buy and trade Talent NFTs, taking advantage of the best quotes and athlete growth.

### **Database**

It collects the detailed information of each Talent, processing all its data to generate value and promote his career.

### **Wallets**

Allows you to store NFTs. It will integrate advanced functions for the management of game Tokens and the use of coins held.

## **Sports Games**

Use the NFT Stickers to develop a Managerial game ecosystem where the user plays, receives prizes and rewards, earns and gains advantages in the real world.

## **Back office**

It allows Business users (Agents, Agencies, Sports Clubs, Sponsors) to access restricted areas to get the most out of the platform.

## **Launchpad**

Promote initiatives and events among all users, generating value and paid traffic. But also by making the most of talents to increase their prices.

## **REDISTRIBUTIVE ETHICS**

Spontaleza simulates a Sports game with real players still in the anonymity stage.

The platform allows the young Talent to generate a collection of stickers that represent him at no cost, in the form of NFT.

Spontaleza takes care of managing all dynamics of use and sale of NFTs, generating proceeds to be redistributed to Talent and his family.

The young athlete, in addition to part of the sale value of the NFTs of his collection, also receives a portion of the proceeds deriving from the sale of EACH NFT of the other collections in tokens.

To confirm the ethical vocation of the project, part of the proceeds generated from the sale of the figurines are destined for a non-profit foundation for the promotion of sport in less favored situations (Charity Program).

## **NFT COLLECTIONS**

For each Talent, the platform will generate a collection of NFTs divided into three distinct basic classes, plus a series of special one-off or limited edition issues.

- NFT 1 – DYNAMIC – Quantity up to 20,000 - Represent player stickers and incorporate three levels of dynamic scoring, which is modified by processing the real events that occur during the player's career.
- NFT 2 – CAREER – Quantity up to 2,000 - Represents player stickers with built-in score multipliers and certain rights to real-world discounts and benefits offered through accredited partners.

- NFT 3 – LIMITED – Quantity up to 2,000 - Represent player stickers with multiple benefits associated with image rights and future royalties generated by contracts stipulated in the real world by the player or by the platform with third parties.

- NFT X – UNIQUE – Unique or limited editions representing special rights defined at issue.

#### **Purchase of NFTs - Stickers**

First-issue NFTs can only be acquired using Spontaleza Tokens (SPONT).
--

## **3. Roadmap**

#### **Q2-2022:**

Market research - Idea analysis - Project development - Strategic development - Administrative consultancy - Legal advice - Identification of partners technological

#### **Q4-2022:**

Design and technical specifications - Technology concept development - Blockchain identification - Tokenomics development - e-Game pre-concept and main layout development - Database Creation - Legal definition rights - PRIVATE presale

#### **Q3-4-2023:**

Agreements with prosecutors and sports clubs - Talent database generation - NFT pre-minting - E-game concept development - Token creation - Smart contract creation - Marketplace development - PRIVATE presale Rounds 1, 2 and 3

#### **Q1-2024:**

Database finalization - Beta test section Talents - Marketplace beta testing - Creation of Wallets - Average content - Brand awareness - NFT private sale - Smart contracts optimization - Security audit check

#### **Q2-Q3-2024:**

Official Marketplace Release - Beta e-game release - Sponsors implementation - VR integration development - International community development - Due diligence for token conversion - IEO extension

#### **Q4-2024 / Q1-2025:**

VR and Metaverse implementation - CEX tokens - DEX tokens - Credit Card issue

## **4. Market Size**

Football was chosen for the platform because it is the sport that moves capital and financial dynamics around the world that reach impressive figures.

The value of the contracts entered into in the real world may be reflected in the financial ecosystem of the Game and in the values of the NFTs that represent it. What today are budding talents are what yesterday were the professional players who today are being sought after by the biggest teams with millionaire contracts.

Spontaleza allows anyone to be able to identify future stars of the football world in advance, bet on the path of players who will demonstrate that they have the characteristics to become the champions of tomorrow, and own NFTs that could reflect the value and exponential growth of the player.

Furthermore, the game of football, as well as other sports that will be integrated into the Spontaleza platform, adapts perfectly to the future dynamics linked to Virtual Reality and Augmented Reality, giving further space to the evolution of the platform within the METaverse, with the creation of spaces, events and virtual presence, also on partner platforms.

From the Grayscale Research November 2021 research, the turnover linked to virtual worlds in the gaming industry was around \$150 billion in 2020, but analysts expect a very strong growth between now and 2025 which could reach around \$400 billion.

The target users of the project are those who look at the world of e-games, football and cryptocurrencies with particular attention to the growing phenomenon of NFTs. Spontaleza taps into an impressively large audience in a targeted and engaging way.

NFTs are the future of digital asset ownership, even representing real rights. NFT trading volume grew from \$13.5 million in the first half of 2020 to \$2.5 billion in the first half of 2021, and the trend is growing steadily, today representing only the surface of the potential depth and utility of NFTs. We've already seen a mainstream promote NFT projects, big brands create NFT sections, and decentralized finance (DeFi) projects make NFTs a core part of their offering - and we're just getting started. According to research firm Markets&Markets, the NFT market will reach \$13.6 billion by 2027.

### **3.9 BILLION**

Fans and enthusiasts around the world in 2020

### **2.2 BILLION +**

The international fans of the top 15 football clubs

### **29 BILLION EUROS**

The turnover of football in Europe in 2019

### **\$1.1 BILLION**

Esports revenues in Europe in 2020

### **\$1.7 BILLION**

The estimated revenues of e-sports in 2024

### **48 BILLION DOLLARS**

Fantasy sports turnover expected by the end of 2027

# 5. Token sale

## 5.1 *Role of the Spontaleza Token*

Important part of Spontaleza Platform is how SPONT are used to build the circulation of the currency and create supply and demand mechanisms. SPONT will be used within the crowd holding platform, but they won't be limited by the platform in the future. Spontaleza tokens can be used in the following ways on the platform:

Transactions within the platform, and purchases of collections, are regulated through the SPONT Utility Token, managed within the platform as a usage token.

### USE OF THE TOKEN

#### For the dynamics of the platform

- ✓ For access to ecosystem services and functions
- ✓ For rewarding of Affiliate and Referral programs
- ✓ For the public and users
- ✓ For the maintenance of the gaming ecosystem, remuneration of winnings, prizes and dynamics related to tournaments.

#### In-game purchases and add-on exchanges within the ecosystem

- ✓ Payment of Bonuses

## 5.2 *Token supply*

SPONT will be the token used on Spontaleza platform. This token will be a token on the Ethereum blockchain following the ERC20 token standard. For the actual implementation of the Spontaleza Token, Spontaleza has developed a smart contract that will be publicly consultable on its GitHub before any phase of token sale will start. There will be no alterations to the contract so any interested party can have full confidence in the Spontaleza Token.

SPONT will be created prior to the Token Generation Event ("TGE"), and they will be capped, meaning we are not able to create any more in the future. No inflation is intended. The initial price is set as published on our TGE web site, <https://token.spontaleza.com>.

**4.5 billion Spontaleza tokens created. 1.935 billion directly sold to public.**

Token supply is fixed, we create immediate deflationary currency that will be as valuable as our growing community (startups and crowd) in our ecosystem.

### 5.3 Token Distribution

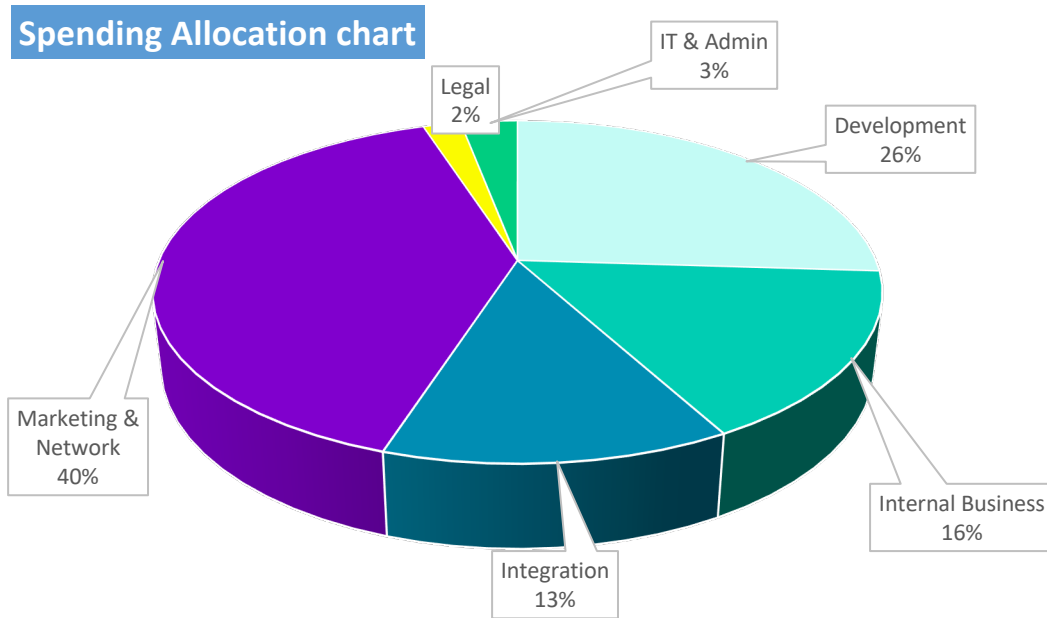

The initial issue of Spontaleza Tokens will be carried out in the following order:

- ✓ **Team, developers & Investors:** intended for the Founders and the Development Team (36.5%) and for the initial investors who participate in the creation of the project (1% - of which 0.33% intended for Founder Investors)
- ✓ **Locked for future use:** held as a reserve for future growth, partnerships and strategic acquisitions (5%)
- ✓ **Reserve** - intended for unforeseen expenses and a guarantee fund
- ✓ **Community:** intended for users and public sale (43%). The first target phase is €25.09 million (Hard Cap).
- ✓ **Advisory:** Legal and administrative consultants
- ✓ **Promo:** Growth and promotion campaigns
- ✓ **Foundation:** Charity program to support sport in disadvantaged areas

## 5.4 Spending Allocation

The main focus of expenses will be on the technical development of the platform. However, marketing & sales will be allocated a growing importance, as the success of the platform depends on attracting the right supporters and businesses through diverse paid advertising tactics.

Other expenses include paying for IT infrastructure, rent, patents & trademarks. Spontaleza will be cash flow positive soon after the launch and will utilize additional capital to support international expansion and opening of new locations.

- ✓ **Development:** programming and creation of platform sections and web structure, technical implementation, app development (iOs, Android)
- ✓ **Internal activities:** Project development, collaborators, administrative expenses and staff
- ✓ **Integration:** adaptation and international integration of the platform
- ✓ **Marketing & Network:** Advertising and public relations, community expansion for diffusion in various international markets and integration of procedures and applications and network.
- ✓ **Legal:** coverage for dispute resolution and international compliances
- ✓ **IT & Admin:** Servers, infrastructures and administrative management

## 5.5 Figures and Sales Phases

TGE Figures	
SPONT distribution cap	4,500,000,000 SPONT Token
Soft Cap	\$ 843,750
Hard Cap	\$ 6,075,000
Currency accepted	ETH, BTC, USDT, EUR, USD
Initial Price	1 SPONT = \$ 0.25

Exclusive Sale (Founder Club)	
Softcap*	\$ 843,750
Start	1 <sup>st</sup> August 2022 @ 13:00 CET
End	31 <sup>st</sup> December 2022 @ 13:00 CET
Minimum transaction amount	\$ 10,000.00
Maximum transaction amount	\$ 100,000.00

Round 1	
Hardcap*	\$ 2,756,250
Token on sale	15,750,000
Start	1 <sup>st</sup> August 2023 @ 12:00 CET
End	Till the end of tokens available in Round 1
Bonus	30%
Token Price	\$ 0.175
Minimum transaction amount	\$ 70.00
Maximum transaction amount	\$ 10,000

Round 2	
Hardcap*	\$ 1,800,000
Token on sale	9,000,000
Start	At the end of Round 1
End	Till the end of tokens available in Round 2
Bonus	20%
Token Price	\$ 0.200
Minimum transaction amount	\$ 70.00
Maximum transaction amount	Unlimited

Round 3	
Hardcap*	\$ 1,518.750
Token on sale	6,750,000
Start	At the end of Round 2
End	Till the end of tokens available in Round 3
Bonus	10%

<b>Token Price</b>	\$ 0.225
<b>Minimum transaction amount</b>	\$ 70.00
<b>Maximum transaction amount</b>	Unlimited

<b>Public Sale and/or IEO</b>
<b>Will be soon announced</b>

**Note \*:** The value of the hard caps for each single phase are subject to change based on the volumes of Tokens sold and the relative discount applied.

## 5.6 Bonuses

### Founder Sale - EXCLUSIVE AND OFF MARKET SALE BONUS

The subjects to whom the exclusive sale is reserved (Exclusive Founder Sale) benefit from a discount from 50% up to 75% (on the SPONT Token price = \$2.50). Tokens are pre-sold with two different discount brackets:

- ✓ From \$10,000 to \$24,999: 50% discount (Token price equal to \$0.125).
- ✓ From \$25,000: 75% discount (Token price equal to \$0.0625).

### NFT Founder

For every 1000 (one thousand) Tokens acquired in the Exclusive Founder Sale phase, a Founder NFT will be matched, which incorporates permanent rights to the platform's performance.

The NFT Founder can subsequently be traded independently on the marketplace and will be subject to free trade on the market.

For buyers in the pre-Listing Public Sale phase, the following bonus will be applied to the expected price (Token base price equal to 1 SPONT = €0.25):

- Round 1, bonus = 30%, 1 SPONT = \$0.175
- Round 2, bonus = 20%, 1 SPONT = \$0.200
- Round 3, bonus = 10%, 1 SPONT = \$0.225

### 5.7 *Unsold tokens*

After the TGE, all the unsold tokens shall go back to Spontaleza.

## **5.8 Copyright**

SPONTALEZA, SPONTALEZA TOKEN and SPONT TOKEN are protected by copyright.

## 6. Security and Data Protection

### 6.1 ASVS Level 3 Owasp

The software in applications and servers focus on respecting Application Security Verification Standard (ASVS) third level of web security standardization as provided by the OWASP protocol ([www.owasp.org](http://www.owasp.org)).

The diagram illustrates the four levels of the OWASP ASVS standard, represented as ascending steps. Level 0 is 'Basic', Level 1 is 'Opportunistic', Level 2 is 'Standard', and Level 3 is 'Advanced'. A text box on the left states: 'ASVS DEFINES DETAILED VERIFICATION REQUIREMENTS FOR LEVELS 1 AND ABOVE, WHEREAS LEVEL 0 IS MEANT TO BE FLEXIBLE AND IS CUSTOMIZED BY EACH ORGANIZATION'. The OWASP logo is at the bottom right of the slide.

### Application Security Verification Levels

- **ASVS Level 3** – for applications that „shoot missiles” ;)
- **ASVS Level 2** – for applications that contain sensitive data
- **ASVS Level 1** – for all software

OWASP ASVS LEVELS

OWASP  
Open Web Application Security Project

## 6.2 *GDPR Compliancy*

Spontaleza will be compliant with the **EU General Data Protection Regulation (GDPR)** that has become fully enforceable throughout the European Union on 25th May 2018, after a two-year transition period. Unlike a EU directive, it does not require national governments to pass any enabling legislation, and is thus **directly binding and applicable**.

### **Particularly our solution will comply with Data Subject Rights.**

#### **Breach Notification**

Under the GDPR, breach notification will become mandatory in all member states where a data breach is likely to “result in a risk for the rights and freedoms of individuals”. This must be done within 72 hours of first having become aware of the breach. Data processors will also be required to notify their customers, the controllers, “without undue delay” after first becoming aware of a data breach.

#### **Right to Access**

For example, as regards the right for data subjects to obtain from the data controller confirmation as to whether or not personal data concerning them is being processed, where and for what purpose and the provision of a copy of the personal data, free of charge, in an electronic format.

#### **Right to be Forgotten**

This feature entitles the data subject to have the data controller erase his/her personal data, cease further dissemination of the data, and potentially have third parties halt processing of the data. The conditions for erasure include the data no longer being relevant to original purposes for processing, or a data subjects withdrawing consent.

#### **Data Portability**

This feature includes the right for a data subject to receive the personal data concerning them, which they have previously provided in a 'commonly use and machine-readable format and have the right to transmit that data to another controller.

#### **Privacy by Design**

This feature calls for the inclusion of data protection from the onset of the designing of systems, rather than an addition. Appropriate technical and organizational measures will be implemented in an effective way to meet the requirements of GDPR and protect the rights of data subjects. The application will hold and process only the data necessary for the

completion of its duties (data minimization), as well as limit the access to personal data to those needing to act out the processing.

### **Data Protection Officer**

There will be internal record keeping GDPR requirements.

We'll appoint a DPO, as mandatorily requested by GDPR, only eventually for those controllers and processors whose core activities consist of processing operations that require regular and systematic monitoring of data subjects on a large scale - if present - or of special categories of data - if present - or data relating to criminal convictions and offences - if present. In that case, the DPO: will be appointed based on professional qualities and, in particular, expert knowledge on data protection law and practices; he/she will be a staff member or an external service provider; in that case, contact details will be provided to the relevant DPA; DPOs will be provided with appropriate resources to carry out their tasks and maintain their expert knowledge; DPOs will report directly to the highest level of management; DPOs will not carry out any other tasks that could result in a conflict of interest.

The conditions for consent have also been strengthened, and companies will no longer be able to use long illegible terms and conditions full of legalese, as the request for consent must be given in an intelligible and easily accessible form, with the purpose for data processing attached to that consent. Consent must be clear and distinguishable from other matters and provided in an intelligible and easily accessible form, using clear and plain language. It must be as easy to withdraw consent as it is to give it.

## 8. About Us

Spontaleza is developed by a Hi-Tech Startup founded by highly specialized professionals with a passion for entrepreneurship and technological innovation. Our core business is developing cross-platform solutions and architectures in the world of crypto finance, web & wireless and digital communications.

Strong leadership combined with an overwhelming willingness to adapt to the onslaught of new technologies has provided Spontaleza with the luxury of fulfilling our clients' missions. Whether that means constructing a revolutionary content management system with dozens of modules or challenging our interaction design team to create meaningful relationships. So far, our story is one of evolution. Our evolution has made all the difference. For us, and our clients. We are specialized in developing technologies and architectures for mobile communication and structured web. We like to reinvent your productivity with strategic marketing applied to technological innovation, web and mobile design and digital communication.

- We are experts at **Crypto and Digital Platform development**, Fintech, Digital Strategy and Social Media Marketing.
- Our engineers build comprehensive **custom fintech web & mobile software applications** with advanced security, integration, interoperability, scalability, and complexity needs.
- Experience revealed that complete digital strategy comes only when **developers, designers and marketing strategists work together**.

## 8.1 Our Method

### *User Experience Driven Software Development*

We are experts at fintech web, mobile and cloud development. Our engineers build comprehensive custom software for enterprise clients with advanced security, scalability, and complexity needs.

### *Architectural Vision*

Our UX designers and software engineers are experts that work with you every step of the way as a dedicated product team to solve your most complex problems.

### *Research and Discovery*

Our software consulting services kick off with a complete analysis phase. In this analytic process we learn about your business, we define your requirements and establish the roadmap we'll follow.

### *Development and Delivery*

We use Scrum, a form of Agile methodology, to ensure successful on-time and on-budget delivery of your software.

### *High Configurability*

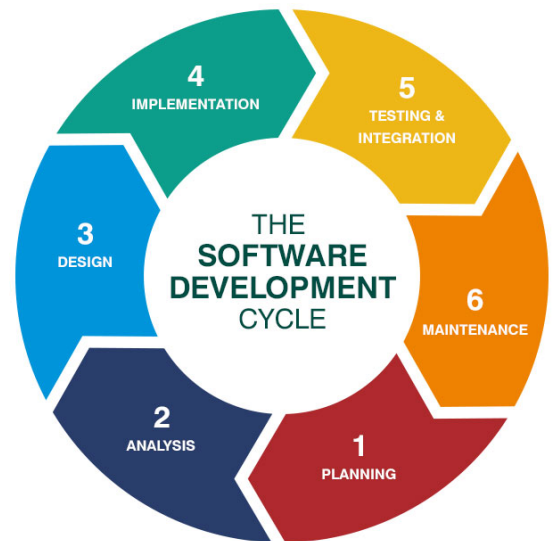

We develop structured and customized solutions and platforms, all white label, with high potential for configurability. This allows the performance, scalability, adaptation, modification, and evolution of solutions created with great advantage in terms of efficiency, effectiveness, and cost of routine maintenance.

### *The ability of Process Management*

We can draw solutions and develop software architectures with a high level of complexity and integrability. This allows us to facilitate the management of business processes that promote teamwork and cross-fertilization ability.

### *Insight, Vision, Focus, Realization*

Our vision is to develop the best world-class solutions in Custom software development which will enrich the value of our client's business. We value technology innovation, lifelong learning, and adapting to change to achieve operational efficiency to provide the best web solutions to our clients. Spontaleza is committed to providing our clients with continuous, expert web solutions and services to enable you to grow and succeed in your business. We will excel as a company only after we help our clients' businesses achieve their business objectives effectively and efficiently.
